Professional Summary

Motivated Computer Engineering student (RK University, Gujarat, India — Diploma expected 2026, CGPA 8.26/10) specializing in **Backend Development and Cloud Computing**. Experienced in building **REST APIs, database-driven systems, and secure web applications** using Laravel and Python. Passionate about learning scalable backend architectures and deploying full-stack projects on cloud platforms.

Actively seeking a **Backend Developer Internship (Nov 2025 – Mar 2026)** to apply practical skills and contribute to production-level projects.

Education

Diploma in Computer Engineering, RK University, Gujarat, India (Expected 2026)

CGPA: 8.26/10 | Core Subjects: Web Development, Python, Cloud Computing, Database Systems, Machine Learning

Technical Skills

Programming: Kotlin, Java, Python, C, PHP, HTML, CSS, JavaScript

Frameworks/Tools: Laravel, Jetpack Compose, Firebase, Android Studio, Git/GitHub, MySQL, Arduino IDE

Cloud & DevOps: Render, Docker (Basic), AWS (Learning)

Design: UI/UX (Figma), Canva | **CMS:** WordPress, MS Office, Google Workspace

Key Projects

- **NewsFlux App (Android | Kotlin + Firebase)**— A news platform app that allows users to read live news from multiple categories with bookmark, search, and dark mode support.
- **Mithila Tech – IT Company Management System (Laravel + PHP + MySQL)**— Developed a complete dynamic company website for Mithila Tech, an IT startup project. Built with Laravel framework, integrating MySQL backend, admin panel, and public-facing pages.
- **IoT Notice Board (Arduino | C/C++, LCD, Bluetooth)** – Real-time mobile-controlled display for announcements.
- **Easy Fitz (E-commerce | PHP, MySQL, HTML, CSS, JS)** – Designed and developed a functional e-commerce website for a local casual wear store (Easy Fitz Casual Store).
- **Employee Management API (Laravel + MySQL + Sanctum)**-- Secure REST API with CRUD, token authentication, pagination & filtering
Deployed live on Render (Docker). GitHub → [rohit4224mehta/employee-api](https://github.com/rohit4224mehta/employee-api)

Experience

Birat Job Center – Job Preparation Assistant (Full-Time | 2022–2023)

- Assisted job seekers in resume writing & interview strategies.
- Maintained applicant profiles and coordinated with businesses.

Certifications & Achievements

- Best Team Collaboration – Diploma Project Fair 2024 (RK University)
- Certified in Cloud Computing (RK University)

Languages

English (B2), Hindi (B1), Nepali (C2 - Native), Maithili (C2 - Native), German (A2)

Interests

App development, web development, IoT systems, AI, open-source contributions, and playing football.
